"Thank you for presenting a thoroughly entertaining demonstration of your carefully chosen sleight of hand and magic routines. The fact that you held the attention of so many 8 to 12 year olds was in itself a wondrous magical feat!"

— Liza Craig-McCormack, Librarian
Hamilton-Wenham Library

"The kids really enjoyed learning the basics for each trick you taught. My own children were doing magic tricks for weeks after the event!"

—Susan Sordello, Librarian
Topsfield Town Library

"Your magic workshops were the highlight of our Summer Reading Program series!"

— Cristie Carter, Librarian
Rowley Public Library

Magic is a fascinating hobby for kids of all ages, and these workshops are tremendous fun! A maximum of 30 children per class is suggested, limited to ages 8 to 12. And of course, parents/grandparents are always welcome to attend. This is an *unforgettable, hands-on experience* for the kids. And maybe Willmore will discover the next Lance Burton!
